

BAPAN SING

Myself BapAn Sing. I am currently a 3rd year student of Fine Arts at the College of Visual Arts. My childhood was spent in the village of Gurudaspur, surrounded by stone idol in South 24 Parganas district. As a result of living in the village, I developed a spiritual relationship with trees, leaves, flowers, fruits, roads, people, rivers, canals, animals, birds, etc. Which greatly affected my artistic thinking. As a result, various aspects of rural nature came to the fore in my paintings. Here I use Watercolour as medium. I think the clarity of nature's form, aesthetic, flavour etc can be made more mature through watercolors.
